AIF subcellular localization analysis and determination of AIF pathology score

Stephen P. Chelko Nazareno Paolocci

Updated date: May 16, 2022

An abbreviated version of this protocol was published in Science Translational Medicine in Feb 2021

Exercise triggers CAPN1-mediated AIF truncation inducing myocyte cell death in arrhythmogenic cardiomyopathy

DOI: 10.1126/scitranslmed.abf0891
